

WE FILL THE GAP

The average co-pay for primary care ranges from \$40-\$60, and the average for urgent care ranges from \$70-\$100.

At Holy City Med Urgent and Primary Care, our plan is an entire month of unlimited services for only \$68 (Group Rate) for preventive and urgent care! We pair well with any high-deductible plan.

Comprehensive care is as easy as

- 1 Pick your catastrophic coverage plan through your preferred agent or online.
- 2 Enroll in Holy City Med's membership benefit plan for all preventive and urgent care.
- 3 Enjoy the benefits of being *fully* covered!

Employees of businesses can only use a benefit they can afford, especially when they don't have an immediate need for preventive care.

We bridge the gap by providing same-day medical care that is affordable for all.
